Amazon.com: Customer reviews: Wind and Water: Boating ... I Gave the book Wind And Water: Boating Photographs from around the world to a friend who is an avid sailor and lives on the coast of Florida... He called me after opening it and was thrilled with the quality and diversity of the pictures. Weather for Boating : BoatUS Foundation Water is much denser than air, so a half-knot cross current may have more effect on a displacement cruiser than a stiff 15 to 20 knot wind. On the other hand, given the same conditions, a planing - type hull with a high tuna tower could be more affected by wind than by current. Neither a displacement nor planing boat can ignore the wind current. WIND and WATER Warsaw Boat Show 2018 - nTradeShows The WIND and WATER Warsaw Boat Show, is the largest event of this kind in this part of Europe that gather representatives of the industry as well as water sports and recreation enthusiasts from Poland and abroad.
