How to Make a Window Garden Grow - houzz.com Window boxes have a reputation for being casually charming, lending themselves naturally to cottage style. But the truth is, depending upon the style of your box material and the plants that you add to them, your window boxes can look elegant, formal, sleek or contemporary. Gardening Basics â€” Indoor Gardening - KidsGardening INDOOR GARDEN OPTIONS The simplest form of indoor gardening is to place plants in windows that receive a decent amount of light. Windows that face south and west are best and they usually receive enough light to grow leaf and root vegetables (beets, carrots, lettuce, onions and radishes) and herbs.
